

## 1-UP VINYL COATINGS

### PROPERTIES :

Vinyl solution based Coatings provide excellent flexibility, adhesion and hardness. Lack of taste and odor of the vinyl copolymers permits the utilization of these resins as food contact surface for metal substrate, wood substrate.

### RECOMMENDED APPLICATION:

- a. Vinyl coatings have an excellent performance record as maintenance coatings.
- b. Vinyl coated steel structures exposed to salt or fresh water, to corrosive atmospheres or to chemical liquids and fumes. Performs well for many years without touch ups.
- c. Vinyl coating performs equally well in tropic or polar climates and withstands the extreme conditions of expansion and contraction of steel surfaces during seasonal changes.
- d. These coating systems can be used in large chemical plants on locks and dams of inland waterways.
- e. Vinyl coatings withstands severe chemical attack hence can be used in chemical plants, dyes plants etc.
- f. Vinyl coatings are used for preparing wood, a new trend in lumber industry.
- g. Vinyl coating withstands extreme drawing, stamping, bending properties, hence can be satisfactorily used for floor coatings also.
- h. Most suitable for quick maintenance work like Hotel, Shops, Interior decorations etc.
- i. As VINYL BASE Coating are odorless it is widely use in fish farming ponds & in Water pools

**DRYING TIME:** Surface drying time : - 5 to 10 minutes.  
Hard drying time : - 2 hours.  
Recoat ability : - 3 to 4 hours.

**FINISH:** Smooth, Glossy/Semi glossy and matt.

**THINNER:** If required 3-5% of special thinner can be used for thinning the paint to get desired application consistency.

**APPLICATION METHOD:** Can be applied by brushing or spraying after adjusting to suitable consistency using our special thinner.

**COVERING CAPACITY:** 8 to 10 sq. meter/ per lit per coat on a smooth Non-absorbent surface.

**COLOUR RANGE:** Available in all Colour as well as clear also.

**THE ABOVE INFORMATION IS GIVEN IN GOOD FAITH AND  
CUSTOMER IS ADVISED TO TEST THE MATERIAL BEFORE USE**
